SPOKE FOR THE FLAG.
President Addressed Catholic Summer School.

A PATRIOTIC DEMONSTRATION.
Father Lavelle's Introductory Remarks and the Neat Demonstration That Followed Inspired the President to Make a Speech—Congressman Sibley Present.

PLATTSBURG, N. Y., Aug. 16.—President McKinley, accompanied by Private Secretary Cortelyou, was driven down to the auditorium on the grounds of the Catholic Summer School of America, at Cliff Haven, on Lake Champlain. American flags were much in evidence. He was given a warm greeting by the crowd.

As the president entered the Auditorium the spectators arose and sang a song composed for the occasion and set to the music of Danizetti's "El Puritain."

Rev. M. J. Lavelle, president of the Catholic summer school, introduced President McKinley. Father Lavelle's speech was frequently interrupted by hearty applause, and when during the course of his remarks he predicted that the "many millions of people recently brought under our protectorate would make American citizens as loyal as sturdy and as true as those that are here today," the audience cheered enthusiastically.

As President McKinley arose the audience applauded, cheered, waved flags, handkerchiefs and parasols until he made a motion for them to desist. He had not intended to speak. But the warmth of the greeting which was accorded him evidently caused him to change his mind. He said:

Father Lavelle, Members of the Catholic Summer School, Ladies and Gentlemen: I had not intended to say a word, but I can not sit in silence in the presence of this splendid demonstration of your good will and patriotism. I cannot refrain to give expression to my very high appreciation of the gracious welcome you have given me here today and the more than gracious words of commendation uttered by your president. However the government of the United States has been able to accomplish since I last met you here has been the hearts of the people have been with the government of the United States. Our patriotism is neither sectional nor sectarian. We may differ in our political and religious beliefs, but we are united in our country. Loyalty to the government is our national creed.

We follow, all of us, one flag. It symbolizes our purposes and our aspirations; it represents what we believe and what we mean to maintain, and wherever it floats, it is the flag of the free, the hope of the oppressed and wherever it is assailed, at any sacrifice it will be carried to a triumphant peace.

We have more flags here than we ever had before. They are in evidence everywhere. I saw them carried by the little ones on your lawn, and as long as they carry these flags in their little hands there will be patriotism in their hearts. That flag now floats from the homes of the millions, even from our places of worship. It is seen from our schoolhouses, from the shops, the factories, the mining towns, and it waves from the camp of the pioneer in the distant outpost and on the lumberman's hut in the dense forest. It is found in the home of the humblest toiler, and what it represents is dear to his heart. Rebellion may delay but it can never defeat its blessed mission of liberty and humanity. Thank you again for this most cordial and gracious greeting.

The president spoke slowly and deliberately, in a moderate but earnest tone. Only once did he raise his voice, when he uttered the "flag, wherever it is assailed, will be carried to a triumphant peace." The cheering which interrupted his speech at this point fully shook the roof, and he was unable to make himself heard for nearly a minute.

At the close of the president's speech the audience joined in singing the "Star Spangled Banner," and they sang it with a will. The audience then formed in line and filed across the stage and shook hands with Mr. McKinley.

The president and Father Lavelle then returned to the building and walked around the grounds followed by the crowd. After they had inspected the grounds, the president and Mr. Cortelyou re-entered their carriage and were driven back to the hotel.

Among those who were present at the reception were: John S. Wise, General Guy V. Henry, Colonel Edmund Rice, Congressman Sibley of Franklin, Pa., Smith M. Wood, Monsignor James Laughlin, chancellor of the archdiocese of Philadelphia; Colonel William M. Brine of Wilmington, Del., and Rev. John P. Chittwick, former chaplain of the Maine.

TO AID THE PORTO RICANS.
Governor Roosevelt Accepted the Chairmanship of a Committee.
NEW YORK, Aug. 16.—A committee of the Merchants' association to co-operate with the Colonial Aid society for aiding Porto Ricans, formed before the recent hurricane, has been enlarged, in accordance with the suggestion of Secretary of War Root, who favors effective committee organization in New York for assisting the Porto Ricans. Governor Roosevelt has accepted the chairmanship of the enlarged committee.

The subscriptions received by the Merchants' association now amount to \$4,030. Clothing and medicines are very much needed. The Merchants' association has already sent down 14 cases of goods.

Senator Hayward Stricken.
OMAHA, Aug. 16.—Senator M. L. Hayward was stricken with apoplexy at Brownville, Neb., where he had gone to deliver an address at the Modern Woodmen picnic. He was apparently in good health and spirits up to the moment of attack. The doctors worked with him from a little after 11 o'clock, when he was stricken, until almost 2 before the senator recovered consciousness. He was then removed to residence nearby where he now is. The wife and son of the senator were summoned from Nebraska City. Later the senator became weaker and, while the doctors have not abandoned hope, they admit he is in a very precarious condition.

BELIEVES
He Can Beat Rankin.
Dech's Backers Will Issue Another Challenge.

The Entries for Friday Matinee Races.

Two New Performers Will Get the Word.

Officers of Football Association—Sporting News.

The backers of Jake Dech will issue another challenge to Jimmy Rankin, who won the 100 mile road race last Saturday.

They still believe that Dech is the better man and that he can defeat Rankin in a long distance contest. It is probable that arrangements will be made for another race over the same course. Dech informed the Sporting Editor of the DEMOCRAT last night that he would make a deposit for the event in a few days.

The last race was unsatisfactory owing to the wretched condition of the roads and the unfortunate accidents which delayed both men.

Third Money.
Lura Backus won the third money in the 225 trot at Rockport, Tuesday. She made a new mark in the first heat, which she won in 2:25 1/4. The race was won by Ethel B. Best, 2:23 1/4. Victorene was unplaced in the 2:22 pace. Rosemar won in straight heats. Best time 2:17 1/4.

Challenge.
The Young Stars challenge any team in the city under 19 years of age for a game on the West Hill grounds Friday morning. Answer through the DEMOCRAT.

Friday's Races.
There are several new entries in the events at Friday's matinee on the Fountain Park track.

Charley Temple, owned by E. R. Grant, and Griggs Boy, the property of Charley Hazen, will come together in the fast pace. Maud, owned by George W. Sieber, will make her first start in the last trot. The card is an excellent one, and as everything is free there should be a large attendance. The entries are as follows:

First Race—Pace.
Hastings, Ed. Dunn.
Davy Crockett, C. C. McCue.
Wardetta, William Richardson.
Charley Temple, E. R. Grant.
Griggs Boy, Charley Hazen.

Foot Ball.
The selection of Joseph E. Leighton, as manager of the Akron foot ball team would be a wise act. He has always taken an active interest in the sport and he is a young man of hustling qualities, it is safe to assume that he would do all in his power to make the season a successful one. The position will undoubtedly be offered him at Friday night's meeting. It is hoped that he will

accept. Hutchinson is the unanimous choice for captain. Carter has stated that will be in the game this year. Dr. Watters is another old timer. He will be a candidate for half back. Rockwell, Eyes and Price and all the other stars of 1898 will line up this year. The team will soon begin its practice work. Last year they waited until a late date, going into the game with little preliminary work.

General Mix Up.
The Kent base ball team defeated a team from North Lawrence at the North Lawrence merchants' picnic at Silver lake Tuesday by a score of 21 to 8.

Rooters for the Kent team were exceedingly boisterous and made themselves obnoxious to the spectators. Two of the rooters commenced to play catch on the side. One of the fellows had his hand broken by a swift ball thrown to him. A few outsiders said that it served him right. This precipitated a jangle which ended in a general mix up, in which nobody was seriously injured.

Drink Grain-O.
After you have concluded that you ought not to drink coffee, it is not a medicine, but doctors order it because it is healthful, invigorating and appetizing. It is made of pure grains and tastes like the finest grade of coffee, and costs about one-quarter as much. Children like it and there is no reason why a genuine food drink, which is healthy and invigorating, should not be used. It is a new food drink, and is sold by all druggists.

FIVE NEW REGIMENTS.
More to Be Organized For Service in Philippines.

CAMPAIN IN THE INTERIOR.
The Fighting to Be Carried Into the Interior of Luzon, Away From the Railroad—Large Number of Mules Sent For Transportation Purposes.

WASHINGTON, Aug. 16.—Secretary Root had long consultations with Adjutant General Corbin relative to the army, its strength, equipment and supplies, these being considered in connection with the statements that have been furnished by the heads of the different bureaus.

The question of enlisting and the selection of officers for additional volunteer regiments also was under consideration, but it was stated that no decision to call for more troops was considered. While it is said that five regiments will be organized the number has not been definitely determined upon.

The problem of transportation in the Philippines has been under consideration for some time. It is expected that at the end of the rainy season it will be necessary to move the troops some distance from the railroad, and at the present time the means of transportation are not sufficient for a large army and extensive operations. The difficulty has been met by sending mules to Manila in large numbers.

These mules will not only be used for transporting supplies in wagons, but it is intended to organize a pack train for carrying guns and equipments where teams cannot be utilized.

The indications are that the campaign after the rainy season is to be conducted not only along the railroad where General Otis has confined most of his operations, but that the interior of Luzon will be penetrated.

NEGROS AND CEBU
IN A TURMOIL.
Insurrection Gaining Strength Remarkably in Those Islands—Property Destroyed in Negros.

MANILA, Aug. 12, via Hongkong, Aug. 16.—Arrivals and mail advices from Negros and Cebu agree that the insurrection has been spreading remarkably in both those islands, which had hitherto been counted as the most friendly in the archipelago and which received with the greatest cordiality Prof. Schurman, president of the United States advisory commission for the Philippines, at the time of his memorable tour.

Outbreaks are feared, particularly in Cebu, where some of the leading men have gone over to the insurrection. Many of the wealthy inhabitants are preparing to leave the islands.

Senors Lorente and Meliza, supreme court justices from Negros and Cebu, have gone thither from Manila to use their influence against the insurrection. The results of the anti-revolutionary government in Negros are disappointing. Insurgent bands are operating there, as they did in Cebu, destroying much plantation property, claims for which are being presented.

PRISONERS BADLY TREATED.
When San Isidro Was Captured, Said News Was Secured of Gilmore and Others.

SAN FRANCISCO, Aug. 16.—A local paper published a startling story from the Philippines regarding Lieutenant Gilmore and the party from the Yorktown, who were captured by the Filipinos and have been kept in prison from official sources as being well cared for and well treated. It appeared that when the Americans reached San Isidro they found the names of the Yorktown men and some other prisoners scratched on the walls of the jail. Some letters from the men were found secreted under stones, and a Spaniard, who had been entrusted with several, presented them to General Lawton.

The letters told of the hardships the men were compelled to suffer and begged that aid be sent them. The men complained that they had been starved, beaten and bound, and, moreover, were in rags. One of the letters, signed by Albert Lowenson, said that the Spaniards had been treated very badly, worse than the Americans, and that hundreds were dying of dysentery and other diseases, and that the government took no notice of sickness prevailing.

In his letter Lowenson, who was formerly of the steamship Zealandia, gave the list of prisoners held by the

LIEUT. JOSEPH B. MORSE DEAD
His Wife a Daughter of President McKinley's Brother.

WASHINGTON, Aug. 16.—General Otis reported the death of Second Lieutenant Joseph B. Morse, Ninth infantry of typhoid fever. Lieutenant Morse was appointed May 1, this year. He was in Manila at the time of the capture of the island and was chosen from the First California heavy artillery.

Lieutenant Morse was related by marriage to President McKinley. He married Miss Ida McKinley, daughter of David McKinley, the president's brother.

Two hundred and fifty soldiers were killed and 100 wounded. Two thousand more troops left Canton.

TOO SOON FOR ELECTIONS.
Root Advised to Not Grant the Cubans Right of Franchise For a Year.

WASHINGTON, Aug. 16.—General Brooke will be called to Washington to consult with Secretary Root concerning affairs in Cuba.

Colonel Kennon of the Thirty-fourth infantry, recently appointed, but who has been on duty at Havana as assistant adjutant general, had a long conference with Secretary Root.

Colonel Kennon assured Secretary Root that the course which General Brooke was pursuing met with general approval, and was of that careful and conservative nature required by the conditions in the island. It was necessary to make radical changes, but the policy of the general has been to make the old fit the new with as little friction as possible.

As to the elections in Cuba Colonel Kennon told the secretary that he thought that the time was still somewhat distant when they could be held to advantage. By a provision in the peace treaty, the Spanish residents in the island were given one year from the date of exchange of ratifications in which to declare their preference as to citizenship. Elections could not be held, he said, until after the year elapsed in justice to this class.

Colonel Kennon said that the people of Cuba were fast coming to the conclusion that the interests of all would be best served by those people accepting Cuban citizenship and the Spaniards and Cubans acting in harmony; and, while they do not mix well at present, the feeling of irritation is wearing away.

If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, and it is yet afflicted with bed-wetting, dwelling upon it, the cause of the difficulty is kidney trouble and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.
